DETAILED ACTION

1 This action is responsive to the amendment filed on August 21, 2006.

EXAMINER'S AMENDMENT

2 An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Jeffrey B. McIntyre on September 5, 2006.

The application has been amended as follows:

3 Claims 1, 3-16, 18-61 and 63-74 are allowed.

STATEMENT OF REASONS FOR ALLOWANCE

4 The following is an examiner's statement of reasons for allowance:

The closest prior art of record (US 5,500,218), teaches a method for protecting skin comprising applying to the hair a composition comprising 30.0 g (30%) of polyethylene glycols (see cols. 3 and 4, Examples 1-4). However, the closest prior art of record (US' 218), does not teaches or discloses a method for limiting the penetration of a dye contained in a hair dyeing composition into the scalp and/or the hair comprising applying on the scalp and /or on the hair a pre-treatment composition comprising 5% to 20% of at least one oxyethylenated polymer selected from the claimed formulae (1), (2) and (3) as claimed. Accordingly the claimed subject matter as a whole would not have been obvious to one having ordinary skill in the art of scalp and/or hair protecting formulation.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
